

HYDRAULIC HOSE/FITTING SALES/SERVICE CENTER HIGHEST QUALITY IN THE MARKET

Situated on the southeast corner of Lot #6 (EMECO Canada property) Fort MacKay Industrial Park/ Phone: (780) 747-3075

HOURS OF OPERATION: 7 days a week, 7:00 a.m. – 5:00 p.m.

Available to immediately attend to any hydraulic hose/fitting build-repair-service requirement you have up to 2" (-32) six spiral high-pressure. We are equipped to look after Caterpillar, Hitachi, John Deere, Komatsu and a wide range of other manufactured product lines.

With an expansive inventory of hose and fittings on hand Ward's can look after your needs in a prompt and efficient manner to save you time and money.

All of our work is carried out to ensure that OEM specifications are met and/or exceeded; No compromise in quality, not EVER!

Book our mobile hose truck and crew and have your overhaul, repair or service requirements looked after in a prompt and professional manner right at the work location. As directed by you, we will set up on any work site in the region and on an as-required basis. This unit is also equipped to build and/or handle up to 2" (-32) six spiral high-pressure hose.
